

Changing the language setting from Dutch to English in HR2Day:

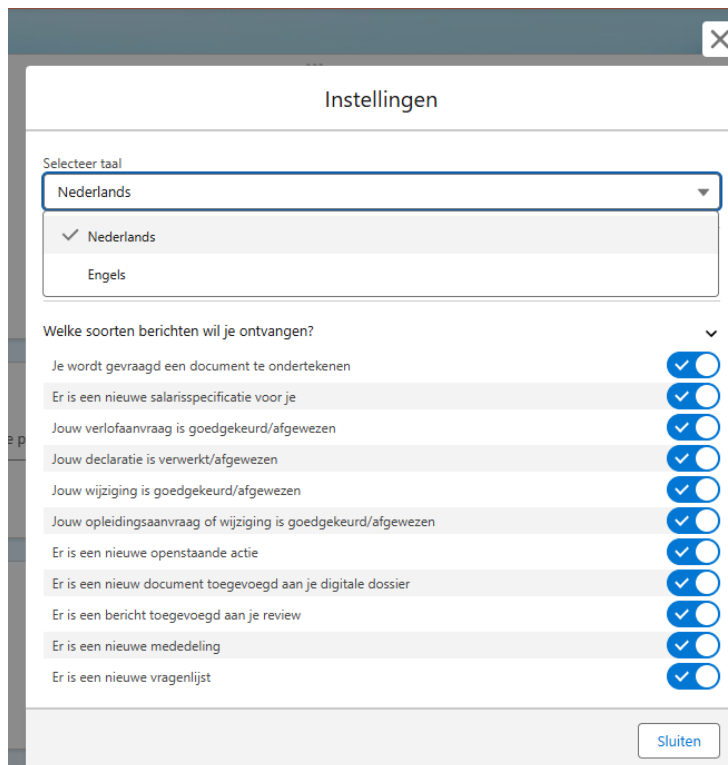

Would you rather have all the fields in HR2day in English?

Then it is possible to change the language from Dutch to English by following these steps.

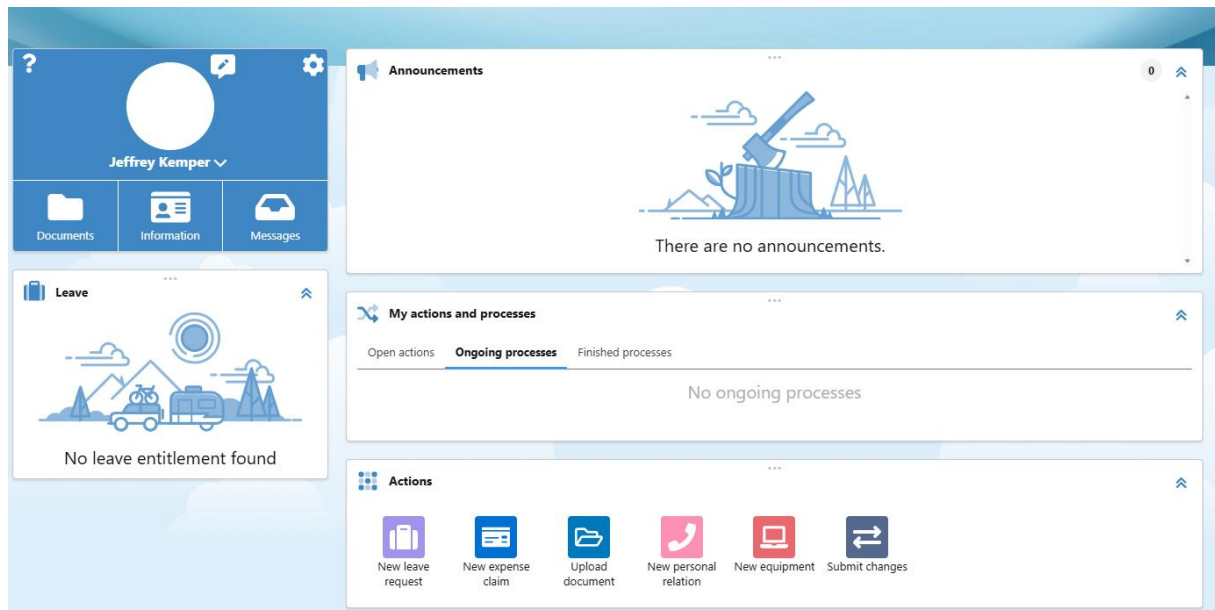

Once you are logged into HR2day and your Employee Interaction Center, look for the gear icon on the top left side:

This will open the following pop-up on your screen:

Use the dropdown menu and select “Engels” to change the language setting to English.
Once selected this will automatically refresh the page and set all texts in English:

If you have any questions, please do not hesitate to contact us.
